Summary of COVID-19 Child Nutrition Program Response Nationwide Waivers & Memos

This resource briefly describes all nationwide waivers and guidance memoranda released by the USDA in response to the coronavirus. Due to the number of extensions, this resource begins with waivers listed by expiration date and then all guidance memoranda by topic and date; the waiver or memo name links to description of the latest version. Next, the table lists waivers and memoranda in order of number and release date. The waiver or memo number in the table links to the USDA landing page for the waiver.

This was last updated on 5/7/2021.

See the USDA FNS website for all nationwide waivers and guidance memoranda. See the end of this document for a glossary of acronyms and terms.

State agencies are eligible to use all nationwide waivers without application, but they must still elect to be subject to the waiver by notifying their USDA Regional Office. These waivers do not apply to all operators automatically -- state agencies must opt in and provide information to operators before operators can implement the waiver. Please contact your state agency for more information about these and other state-requested waivers.

| COVID-19: Child Nutrition Response #5 | Nationwide Waiver to Allow Parents and Guardians to Pick Up Meals for Children | NSLP, SBP, SSO, SFSP, CACFP | March 25, 2020 | June 30, 2020 | • Waives the requirement that meals are served directly to the eligible child.  
• Allows parents or guardians to pick up meals for their child. | • States need to ensure integrity and are instructed to work with operators on ways to verify adults have eligible children and ensure that duplicate meals are not served. |
| COVID-19: Child Nutrition Response #6 | Nationwide Waiver of Community Eligibility Provision (CEP) Deadlines | NLSP & SBP | March 25, 2020 | August 31, 2020 | • Extends deadlines for various tasks within the CEP data release and election process. | • ISPs may be calculated based on data drawn through June 30, 2020  
• Deadline to declare intent to elect CEP is now August 31, 2020. |
| COVID-19: Child Nutrition Response #7 | Nationwide Waiver of Monitoring Requirements for CACFP Sponsors | CACFP | March 27, 2020 | June 30, 2020 | • Allows sponsors to monitor facilities two times (instead of three) this fiscal year, and only one must be unannounced.  
• Waives the requirement for at least one unannounced review to include the observation of a meal service.  
• Waives the requirement that no more than six months elapse between reviews.  
• Allows new facility reviews to be done by desk audit. | • Available to sponsors that elect to be subject to the waiver; it is our understanding that sponsors do not need their state to opt-in for them.  
• New facility reviews must still be done within the facility’s first four weeks of operation. |
| COVID-19: Child Nutrition Response #8 | Nationwide Waiver of Onsite Monitoring Requirements for CACFP State Agencies | CACFP | March 27, 2020 | June 30, 2020 | • Waives the in-person component of the state agency’s required monitoring activities. | • States must continue to ensure integrity to the maximum extent practicable through remote activities, such as through desk audits. |

• States must continue to ensure integrity to the maximum extent practicable through remote activities, such as through desk audits.  
• For sponsors that will operate during summer 2020, states can postpone visits until then.  
• Reminds states that pre-operational visits may be waived for sponsors operating during school closures and that SFSP reviews are not required in the same year as a satisfactory NSLP review as long as the same person runs both programs.                                                                                                                                                                                                                                                                                  |                                                                                                                                                             |
| COVID-19: Child Nutrition Response #12 | Nationwide Waiver of 60 Day Reporting Requirements for January and February 2020                                                                                                                                                                                                                                                     | All: NSLP, SBP, SFSP, SSO, CACFP, SMP | April 1, 2020 | N/A                                   | • Extends the deadline to submit claims for reimbursement for January 2020 and February 2020 by 30 days each.  
• This now allows 90 days rather than 60 days for submission of reports.  
• States and operators are encouraged to meet the original deadline wherever possible.                                                                                                                                                                                                                                                                                                                                                                  |                                                                                                                                                             |

| CACFP 06, SFSP 05, SP 11-2020 | Questions and Answers Related to the Child Nutrition Program Monitoring and Reporting Nationwide Waivers | NSLP, SBP, SSO, SFSP, CACFP | April 9, 2020 | N/A | • Clarifies COVID-19 Child Nutrition Response waivers #7-#12, including what elements of reviews can be done off-site and ways to assess elements usually observed on site.  
• Provides guidance on CACFP attendance records. | • Per #7, program operators in states that elect to use these waivers are not required to submit individual waiver requests but advance notification may be required.  
• State agencies may approve new SFSP and CACFP sponsors through off-site pre-approval visits. |
| SP 12-2020 | Fresh Fruit and Vegetable Program During COVID-19 | FFVP | April 9, 2020 | N/A | • Clarifies that participating schools may serve fresh produce through FFVP in a non-congregate setting.  
• Clarifies that produce may be served outside the typical school day, at whatever time works best, including alongside other meals being distributed.  
• This guidance applies to produce already in stock as well as produce ordered for distribution during closures. | • No waiver is required for non-congregate service outside of the school day or alongside other meals.  
• FFVP produce may not be given to parents without their child present.  
• Produce may be distributed to children even if they are not enrolled at the participating school.  
• Produce may be distributed for up to a week at a time.  
• Nutrition education is not required.  
• FFVP produce may not be used as meal components. |
| SP 13-2020 | Child Nutrition Program Nationwide Waivers: Questions and Answers | NSLP, SBP, SSO, SFSP, CACFP | April 11, 2020 | N/A | • Provides clarification on waivers #1-#3, including how states elect to be subject to the waiver as well as record keeping and reporting.  
• Clarifies that CACFP operators may distribute meals for more than one day at a time.  
• Allows operators to serve items in bulk if there are instructions on portions and the items can be easily separated into meals with minimal preparation. | • Per #7, program operators in states that elect to use these three waivers are not required to submit individual waiver requests, but advance notification may be required.  
• Confirms that meals may only be distributed at sites approved by the state agency.  
• Confirms that aside from SFSP and SSO open sites and CACFP At-Risk sites, operators may only serve enrolled participants and claim meals at the appropriate rates. |

| SP 14-2020      | Child Nutrition Program Meal Service during Novel Coronavirus Outbreaks: Questions and Answers #3 | NSLP, SBP, SSO, SFSP, CACFP | April 11, 2020 | N/A      | • Provides clarification on various elements of program operations.  
• Clarifies that the requirement for SFSP camp sites to provide programming is still in effect, but camp sites with appropriate safety measures may be approved to operate and serve non-congregate meals.  
• Clarifies that advance funds may be paid to SFSP or SSO operators serving meals during unanticipated closures.  
• Clarifies that all SFSP and SSO operators may, with state agency approval, serve meals during weekends, holidays, and breaks within the year (like spring break) without needing a waiver from the USDA.  
• Notes that state agencies may approve operators to serve alternate forms of milk and may approve SSO operators to only serve one type of milk (instead of a variety) without needing a waiver from the USDA.  
• Provides guidelines for home delivery through the CACFP, similar to guidelines offered for home delivery through SFSP or SSO.  
• Confirms that school food authorities and sponsors approved to operate CACFP At-Risk as well as SFSP or SSO may operate both concurrently, at the same or different sites, as long as different meals are served through each program and daily meals per child maximums in each program are followed.  
• Notes that states are still expected to provide public notification of all sites and to make accommodates who have limited English proficiency, need language assistance, or have other special needs.

| CACFP 09, SFSP 08, SP15-2020 | Child Nutrition Program Meal Service during Novel Coronavirus Outbreaks: Questions and Answers #4 | NSLP, SBP, SSO, SFSP, CACFP | April 21, 2020 | N/A      | • Allows Head Start programs to deliver meals to enrolled children previously receiving CACFP or NSLP meals.  
  • Confirms that new sites may be approved if all aspects of the process are completed; pre-approval reviews may be off-site. | CACFP sites that have closed may operate as SFSP sites under an SFSP sponsor with state approval.  
  CACFP sites that are still open may also be approved as SFSP sites under an approved SFSP sponsor if they serve a separate group of kids.  
  The non-discrimination statement must still appear on informational materials.  
  Operators must still make meal accommodations for participants with disabilities. |

| COVID-19: Child Nutrition Response #25 | Nationwide Waiver to Allow Parents and Guardians to Pick Up Meals for Children – EXTENSION | NSLP, SBP, SSO, SFSP, CACFP | May 14, 2020 | August 31, 2020 | • Allows parents or guardians to pick up meals for their child.  
• Allows for distributing meals to a guardian of an adult participant in the CACFP without the participant present.  
• States need to ensure integrity and are instructed to work with operators on ways to verify adults have eligible children or adult participants and ensure that duplicate meals are not served. | |
| SP 18, SFSP 10-2020 | SFSP and SSO Nationwide Waivers – Questions and Answers | SSO, SFSP | May 19, 2020 | N/A | • Provides clarification and guidance related to nationwide waivers COVID-19: Child Nutrition Response #14 to #17.  
• Confirms that operators may request waivers if their state agency does not opt in to the nationwide waiver or request its own statewide waiver.  
• Allows OVS for non-congregate SFSP meals if sites implement it safely and correctly.  
• Confirms that the meal service time waiver, combined with the non-congregate waiver, allows for multiple meals to be distributed at the same time.  
• Camps may not utilize the waiver allowing closed enrolled sites to use area eligibility in lieu of applications.  
• The first week site visit waiver only applies to sites that successfully participated in the SFSP the previous year as well as CACFP and NSLP sponsors in good standing.  
• The OVS waiver may not be used to circumvent the meal pattern; all components must be offered.  
• Although the meal service time waiver does not expire until September 30, 2020, the non-congregate waiver expires on August 30, 2020. | |
| SP 19-2020 | FFVP During COVID-19: Questions & Answers #2 | FFVP | May 19, 2020 | N/A | • Directs SFAs to request a waiver to distribute FFVP produce at locations other than participating elementary schools.  
• Confirms that funds may be reallocated from participating schools that are not distributing meals to those that are.  
• Allows schools that participated in 2019-2020 and participate again in 2020-2021 to use the signatures on file if none of the signatories has changed.  
• Confirms that FFVP produce may be distributed or delivered to children of all ages, not just students at participating elementary schools.  
• Participating elementary schools that are not distributing meals may not use FFVP funds to purchase produce to donate to other sites.  
• Participating schools that are not selected to participate in 2020-2021 may not retain funds for use next school year; they must be returned.  
• States may not extend the deadline to obligate funds but may extend some reporting deadlines. | |

• Clarifies that COVID-19 Child Nutrition Response #21 also allows CACFP At-Risk Afterschool operations to continue for as long as unanticipated school closure operations continue, regardless of the school calendar.  
• Confirms that other waivers and flexibilities that have not yet expired still apply to SFSP and SSO operators after they transition to summer operations.  
• Allows non-profit SFSP sponsors to initiate home delivered meals if the public in eligible areas are notified and permitted to sign up. | • As with all nationwide waivers, states may or may not opt in to this waiver.  
• If a state does not opt in to COVID-19 Child Nutrition Response #21, CACFP At-Risk Afterschool operations must end as soon as the planned school year ends, and programs must transition to usual summer options through SFSP or SSO, including the completion of required application materials.  
• SFSP and SSO sponsors delivering meals to homes should not treat each home as a site (in the same way that stops along a mobile route are). They should comply with the guidelines in the meal delivery Q&A.  
• Other streamlining measures and flexibilities for SFAs and CACFP At-Risk sponsors transitioning to summer meals program operations are still available. |
| CACFP 12, SFSP 12, SP 21-2020 | Questions and Answers Related to FSMC Contract Extensions and Allowable Costs During the Pandemic | NSLP, SBP, SSO, SFSP, CACFP | June 3, 2020 | N/A | • Provides guidance on:  
  o Maintenance fees charged by a FSMC  
  o Implications of additional costs to fixed-price contracts  
  o Paying staff who are not currently working and providing hazard pay  
  o Non-refundable costs for cancelled events & activities  
  Provides guidance to SFAs on documentation needed regarding health inspections.  
  Confirms that PPE, bottled water, and packaging and delivery costs are allowable. | • CACFP was not covered by the FSMC contract extension waiver because it does not have contract duration limits like other programs.  
• For guidance on extending contracts other than FSMC contracts, consult state and local procurement standards.  
• Although meal packaging and delivery costs are allowable, there is no additional funding available for these costs.  
• State administrative expense (SAE) funds may not be used for local-level costs. |

| COVID-19: Child Nutrition Response #45 | Nationwide Waiver to Allow Meal Pattern Flexibility in the SFSP - Extension 6 | SFSP             | August 20, 2020 | September 30, 2020 | • Allows operators to claim for reimbursement even if a meal does not meet all meal pattern requirements or include all meal components. | • Operators must get advance approval from their state agency.  
  • State agencies can only grant this waiver on case-by-case basis and must inform their regional office when, where, and for which components the waiver is in effect.  
  • USDA instructs states to consider if the request is due to supply issues. |
| COVID-19: Child Nutrition Response #46 | Nationwide Waiver to Extend Area Eligibility Waivers – EXTENSION             | SFSP, SSO        | August 20, 2020 | September 30, 2020 | • Extends all individually-issued state waivers allowing SFSP and SSO sponsors in good standing to operate open summer meals sites located in areas that do not meet the definition of "areas in which poor economic conditions exist," where more than half of children are eligible for free or reduced-price meals. | • States must notify USDA if they elect to utilize this extension.  
  • This applies to all sites approved under the previous waiver and plan.  
  • States must continue to work with sponsors and operators to target benefits to children in need.  
  • USDA reserves the right to withdraw approval based on funding availability. |
| COVID-19: Child Nutrition Response #47 | Nationwide Waiver to Allow Parents and Guardians to Pick Up Meals for Children – Extension 3 | SFSP             | August 20, 2020 | September 30, 2020 | • Waives the requirement that meals are served directly to the eligible child.  
  • Allows parents or guardians to pick up meals for their child. | • States need to ensure integrity and are instructed to work with operators on ways to verify adults have eligible children and ensure that duplicate meals are not served. |

| CACFP 14, SFSP 14, SP 25-2020 | Questions and Answers Relating to the Nationwide Waiver to Allow SFSP and SSO Operations through December 2020 | SFSP, SSO, CACFP At-Risk       | Sept. 11, 2020 | N/A            | • Confirms that non-school sponsors may operate SFSP.  
  • Confirms that both school and non-school sponsors may operate both summer meals and CACFP At-Risk Afterschool concurrently.  
  • Reiterates the guidelines for state agencies prioritizing applications to avoid duplication of services.  
  • Allows meals served through NSLP/SBP this school year before August 31 to be reimbursed through SFSP or SSO.  
  • Allows SFAs to operate NSLP/SBP at some schools and SFSP or SSO at other schools.  
  • Allows states agencies to amend their area eligibility waiver plan to include new areas that were not previously identified as being in need.  
  • Reassures operators that USDA will provide advance notice if a shortage of funds is projected and set a date when the option for the summer meals programs will end. Meals served through the summer programs prior to that date would be reimbursed. | State agencies have discretion on procedures to update applications but are encouraged to streamline the process as much as possible.  
  ○ Sponsors must update site and operating information.  
  • As noted in prior guidance, SFAs may choose to operate through NSLP/SBP instead of the summer meals programs.  
  • As permitted by earlier guidance, meals may be served through SFSP or SSO on or for weekends and holidays during the school year.  
  • As noted in prior guidance, schools that utilize the non-congregate waiver must make meals available to all enrolled students, not just those present in the building for fully in-person instruction or hybrid models.  
  ○ Schools may utilize the non-congregate waiver for one meal but not another. Meals must only be made available to all students if the non-congregate waiver is utilized for that meal.  
  • States may approve new sponsors and/or sites to operate in areas eligible under the area eligibility waiver if previously approved sponsors or sites cannot continue through December. |
| COVID-19: Child Nutrition Response #58 | Nationwide Waiver of Area Eligibility in the CACFP At-Risk Afterschool Care Component | CACFP At-Risk | Sept. 18, 2020 | December 31, 2020 Extended to June 2021 | • Waives the requirement that CACFP At-Risk Afterschool sites be located within the attendance zone of a school where at least half of students are eligible for free or reduced-price meals. | State agencies must have a plan for targeting benefits.  
  • Aligns CACFP At-Risk Afterschool with the SFSP and SSO, which have an area eligibility waiver. |

• Clarifies that SFAs’ 30 day carryover period for free or reduced-price eligibility determinations “pauses” while operating SFSP or SSO. The 30 operating day countdown begins or resumes when SFAs begin or resume NSLP/SBP.  
• Confirms that USDA is working with the Department of Education on how waivers may affect education funding for SY 21-22 and directs questions to OESE.titlei-a@ed.gov.  
• Allows SFAs operating SFSP or SSO to sell a la carte foods.  
• Allows SFAs to operate NSLP Afterschool Snacks in conjunction with SFSP or SSO.  
• Reiterates that operators may serve meals/snacks through multiple programs but may not give children more than the maximum number allowable per program per day.  
• Clarifies that when CACFP At-Risk operators provide meals/snacks along with in-person activities, they must be served after the end of students’ official school day. When care or activities are not provided on-site, meals may be distributed at any time.  
• CACFP child care operators may only serve weekend meals if licensed for weekend care and the child is enrolled for weekend care.  
• SFAs may choose either SSO or SFSP; they are not obligated to select one or the other based on usual or past summer operations.  
• Summer meals sites operating during the school year are not required to be open sites.  
• SFAs that began the school year serving meals through NSLP/SBP but retroactively sought reimbursement through SFSP or SSO instead should not count that time against students’ 30 day carryover eligibility.  
• A la carte foods served on the school campus must meet competitive food standards. Food sold by the SFA off campus or outside of the school day are not required to meet those standards.  
• Enrichment activities are still required for NSLP Afterschool Snacks but may be virtual or take-home as with CACFP At-Risk.  
• CACFP At-Risk operators may serve meals on/for the weekends, even if they have not in the past, as long as enrichment activities are offered.  
• Organizations providing care for children during virtual learning days should seek approval to serve meals through SFSP in order to provide meals during the virtual school day since CACFP At-Risk meals/snacks can only be served after the school day ends.  
• CACFP child care operators may provide meals for enrolled children using waiver flexibilities for any time that they would have been in care if not for COVID-19 closures or restricted capacity. |

  o Not operating in person as well as those operating with hybrid schedule models.  
  o Operating SFSP or SSO as well as those operating NSLP.  
• Allows FFVP produce to be served to all children who receive meals through SFSP or SSO at elementary schools that participate in FFVP. The produce is not limited to students at that school or to children of a certain age.  
• Permits SFAs to reallocate FFVP funds from participating elementary schools that are not serving meals to participating elementary schools that are. | • Reiterates and adds some additional clarification to the Aug. 21, 2020 Q&A, which permitted non-congregate FFVP produce to be served outside of school hours and alongside other meals. A waiver is not necessary to utilize these flexibilities.  
• A waiver is necessary to serve FFVP produce to parents or guardians without their child present as well as to serve from sites that are not approved FFVP elementary schools.                                                             |

• Confirms that operators may serve both in-person and non-congregate meals from the same site since some but not all participants may be able to eat on site safely.  
• Confirms that LEAs that have collected free and reduced-price applications this school year must complete verification, even if operating SFSP/SSO, and extends the verification deadline to **February 28, 2021**.  
• Directs LEAs operating SFSP/SSO to still conduct direct certification matching with SNAP at least three times per year. States are encouraged to be flexible on requiring schools to review partial match data.  
• Offers guidance to schools that want to transition to Provision 2 and to schools in the fourth year of a Provision 2 cycle.  
• Permits RCCIs to operate SFSP or SSO this school year.  
• Allows CACFP sponsors to reclassify Tier II family day care homes as Tier I based on one month of income.  
• Permits CACFP child care providers with limited hours to provide a combination of in-person and non-congregate meals to take home.  
• In all cases, daily per child meal maximums in each program must be followed, whether in person, non-congregate, or a combination.

| CACFP 04, SFSP 04, SP 05-2021 | Questions and Answers Relating to the Nationwide Waiver to Allow SFSP and SSO Operations through SY 2020-2021 – Q&As #4 | NSLP, SBP, SFSP, SSO, CACFP       | January 5, 2021 | N/A      | - Confirms that non-profit child nutrition program operators can receive donated food from other child nutrition program operators as long as state and local safety standards are met.  
- Encourages flexibility in methods for safely recording attendance for CACFP At-Risk Afterschool sites serving non-congregate meals with take-home or virtual activities.  
- Clarifies that stimulus payments do NOT count as income in determining eligibility for free or reduced-price school or CACFP meals, but unemployment benefits do.  
- Provides guidance for how state agencies can calculate eligibility for severe need funding in SY 22-23 for schools operating SFSP or SSO this school year.  
- Gives state agencies flexibility to choose the best data source in order to determine eligibility for FFVP for SY21-22 as long as the same data and method are used statewide.  
- Confirms that schools operating SFSP or SSO this school year are still eligible for school equipment grants.  
- Provides guidance for operators who received Paycheck Protection Program (PPP) loans. | SFAs that do not participate in NSLP or SBP this school year do NOT need to terminate or amend their agreements with the state agency, nor will they be treated as new SFAs next school year.  
In states with a single agreement across child nutrition programs, SFAs that are operating SFSP now but have not in the past should amend their agreements to reflect this.  
For SFAs that collected free or reduced-price applications, the verification sample size should be based on the number of approved applications on file as of October 1, 2020, even though the deadline for verification was extended to February 28, 2021.  
SFAs operating SFSP or SSO are permitted but not required to collect applications. SFAs are strongly encouraged to collect applications from students new to the LEA in order to establish eligibility for P-EBT.  
If a PPP loan is forgiven, costs covered by the loan cannot be counted as child nutrition program costs since they were already covered by another federal program.  
If a PPP loan is not forgiven, it may be repaid using child nutrition program funds if the loan was used to cover an otherwise allowable expense.  
Interest on loan repayments, including but not limited to PPP loans, is not an allowable program cost. |

| N/A             | FFCRA Opt-In Waiver for SY2021-2022 NSLP USDA Foods Entitlement Calculations | NSLP                 | January 15, 2021 | N/A      | • Allows the final USDA Foods entitlement calculation for SY2020-2021 to serve as the basis for the preliminary SY2021-2022 calculation.  
• States that USDA will forgo the reconciliation of initial SY2020-2021 calculations to actual SY2020-2021 lunch counts that would normally occur in November 2021.  
• States that USDA plans to resume reconciliation in November 2022.  
• SDAs must notify the USDA if they plan to opt in by January 31, 2021.  
• For the November 2022 reconciliation, calculations would be based on actual SY2021-2022 lunch counts, with the positive or negative balance carried to SY2022-2023.                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                |
| CACFP 05, SP 06-2021 | Child Nutrition Program Emergency Operating Costs During COVID-19: Implementation Guidance for State Agencies | NSLP, SBP, CACFP     | January 26, 2021 | N/A      | • Provides guidelines for two emergency operating cost reimbursement programs:  
  o School program operators (SFAs)  
  o CACFP operators, including sponsoring organizations, independent institutions, sponsored centers, and family day care homes operating any CACFP component (such as At-Risk Afterschool)  
• Instructs state agencies to submit an application to USDA to participate in one or both programs by February 25, 2021.  
• Describes the eligibility criteria and funding formula laid out in the authorizing legislation. For more details on this, see our separate guidance.  
• State agencies must give USDA a more detailed plan for calculating and disbursing payments, including an estimate of the total payment amount, by April 26, 2021.  
• State agencies must obligate funds no later than September 30, 2021 and liquidate fund by January 31, 2022.  
• By March 31, 2022, state agencies must return unexpended funds to USDA and submit a report on the use of funds.  
• Payments made to program operators are considered expended upon receipt. As also discussed in the Q&A, there is no particular record keeping or reporting required beyond normal expectations unless the funds are used to repay other funding sources. However, operators will need to tell the state the planned or eventual use of the funds to support the March 2022 report.                                                                                                                                 |                                                                                                                                                                                                                                |

| COVID-19: Child Nutrition Response #74 | Nationwide Waiver to Allow Meal Pattern Flexibilities for Summer 2021 Operations – EXTENSION 9 | NSLP, SBP, SSO   | March 9, 2021 | September 30, 2021 | • Allows SSO operators to claim for reimbursement even if a meal does not meet all meal pattern requirements or include all meal components.  
  • **Meal pattern waivers for SFSP operators expire June 20, 2021.** | • Operators must get advance approval from their state agency.  
  • State agencies can only grant this waiver on case-by-case basis and must inform their regional office when, where, and for which components the waiver is in effect.  
  • USDA instructs states to consider if the request is targeted and justified. |
| COVID-19: Child Nutrition Response #75 | Nationwide Waiver to Allow Non-Congregate Feeding for Summer 2021 Operations – EXTENSION 6 | SFSP, SSO        | March 9, 2021 | September 30, 2021 | • Permits consumption of meals off-site and outside of group settings.                                                                                                                                                                                                 | • Allows for serving models like grab-n-go, curbside pick-up, mobile/bus routes, and home delivery.                                                                                                                   |
| COVID-19: Child Nutrition Response #76 | Nationwide Waiver to Allow Parents and Guardians to Pick Up Meals for Children for Summer 2021 Operations – EXTENSION 6 | SFSP, SSO        | March 9, 2021 | September 30, 2021 | • Waives the requirement that meals are served directly to the eligible child.  
  • Allows parents or guardians to pick up meals for their child.                                                                                                                                                                                       | • States need to ensure integrity and are instructed to work with operators on ways to verify adults have eligible children and ensure that duplicate meals are not served. |
| COVID-19: Child Nutrition Response #77 | Nationwide Waiver to Extend Area Eligibility Waivers for Summer 2021 Operations – EXTENSION 4 | SFSP, SSO        | March 9, 2021 | September 30, 2021 | • Extends all individually-issued state waivers allowing SFSP and SSO sponsors in good standing to operate open summer meals sites located in areas that do not meet the definition of “areas in which poor economic conditions exist,” where more than half of children are eligible for free or reduced-price meals. | • This applies to all sites approved under the previous waiver and plan.  
  • States must continue to work with sponsors and operators to target benefits to children in need.  
  • **Note:** For SY21-22, schools operating SSO are not subject to area eligibility per COVID-19 #85.                                                                                                                   |

| CACFP 07, SP 09-2021 | Child Nutrition Emergency Operational Costs Reimbursement Programs: State Agency Implementation Plan Template and Q&A Guidance | NSLP, SBP, CACFP | March 15, 2021 | N/A | • Announces the release of the supplemental implementation plan template that state agencies must use to supply information about their emergency operational cost reimbursement plans.  
  • Reiterates key dates and deadlines.  
  • Instructs states to wait until receiving approval of their application before submitting the implementation plan.  
  • Instructs states to submit separate plans for School Programs vs. CACFP.  
  • Clarifies that child nutrition program reimbursements paid for March-June 2020 that were paid with CARES Act funds must be included in the emergency operational cost reimbursement calculation, but any other CARES Act funds received by operators should not be included.  
  • Confirms that only federal reimbursements, not any other state reimbursements, should be included in the calculations.  
  • Confirms that operators should not need to apply for funds.  
  • Confirms that operators are still eligible for these funds even if they have a positive fund balance.  
  • Instructs state agencies to deposit funds into operators’ nonprofit foodservice account.  
  • Allows states to pay CACFP unaffiliated centers and homes directly or via their sponsor.  
  • The supplemental implementation plan is due May 10, 2021.  
  • Plans must include:  
    o Number of recipients by type.  
    o Estimate of funding needed by reimbursement month.  
    o Any substantive updates to the process by which payments are calculated and disbursed.  
    o Projected timeline for payments.  
    o Description of how the state agency will ensure accuracy, notify operators, and collect and document use of these funds.  
  • New operators that only submitted a claim for January or February 2020 (not both) should still have the two months averaged to determine the reimbursement amount during their alternative reference period.  
  • Operators that did not file claims for any or all months March-June 2020 may still be eligible for payments as long as other requirements are met.  
  • Operators that submitted a consolidated March/April 2020 claim should receive payments based on a comparison of March/April 2020 to April 2019. March 2020 should be treated as $0 reimbursement.  
  • Operators that began participating and receiving reimbursements after February 2020 are not eligible for these payments.  
  • CACFP centers or homes changing sponsor at any point should not affect their payments.  
  • States may charge the 1 percent administrative funds for allowable costs incurred Dec. 27, 2020 through Sept. 30, 2021. |

• Waives the requirement for state agencies to conduct a pre-approval visit if the sponsor operated in FY 2019 but did not in FY 2020. | State agencies must develop criteria for sponsor participation in this waiver.  
State agencies may still request information required of new sponsors.  
State agencies may still conduct pre-approval visits to sponsors that did not participate in FY 2020. |
| CACFP 08-2021 | Reimbursement for Meals and Snacks Served to Young Adults in the CACFP: Implementation Guidance for State Agencies | CACFP | April 9, 2021 | When the COVID-19 public health emergency is lifted | • Pursuant to the authorization in the American Rescue Plan, allows states to reimburse meals and snacks served to adults under age 25 (now including those ages 18 through 24) who:  
  o Reside in an emergency shelter participating in the CACFP; or  
  o Receive services from an approved emergency shelter that participates in the CACFP as an At-Risk Afterschool center.  
• Extends the usual 60-day claim deadline for valid retroactive claims. | This extended age provision only applies to approved meal types served at emergency shelters with an agreement with the state agency.  
For new agreements, reimbursement may be paid for the month prior to the month in which the agreement is executed.  
With proper documentation, meals maybe reimbursed retroactively back to the passage of the American Rescue Plan on March 11, 2021. Claims must be submitted before June 1, 2021. |

| CACFP 09, SFSP 05, SP 10-2021 | Questions and Answers Regarding Child Nutrition Program Oversight, Administration, and Reporting During COVID-19 | NSLP, SBP, SSO, SFSP, CACFP | April 19, 2021 | N/A      | • Reiterates that aside from in-person monitoring, state agencies and sponsors must conduct all monitoring in following the regulations of the program(s) being operated, unless USDA has approved a state or local waiver.  
• Reminds state agencies that, under SFSP rules, they do not need to review SFAs operating SFSP if a school meals administrative review was conducted in the last school year and was satisfactory.  
• Reminds state agencies that they may make advance payments to SFSP sponsors before June 1 if the sponsor will operate at least ten days in the month of the payment.  
• Notes that LEAs operating SFSP or SSO and not taking applications this year do not need to conduct a second review of applications but may need to do so in future years.  
• Confirms that LEAs operating SFSP or SSO are eligible to receive state matching funds.  
• Directs SFAs operating under SFSP or SSO to report enrollment and participation on the FNS-742 as if still operating NSLP/SBP and to only report application and certification data based on activities conducted this year.  
• Extends the deadline to submit the FNS-742 to June 30, 2021.  
• Details procurement standards for non-competitive proposals.  
• States and sponsors should submit a waiver request if they encounter challenges meeting any part of the usual monitoring requirements, including because a program was not operated long enough to conduct a review. The waiver should detail the oversight and monitoring measures proposed.  
• SY19-20 reviews that cannot be completed may be postponed without a waiver (unless a time frame and cycle requirement waiver is required).  
• State agencies may request a waiver on behalf of sponsors.  
• States may change how they define “year” for the purposes of SFSP monitoring without a waiver but should communicate this to sponsors and in waiver requests.  
• SFAs are not required to verify any approved meal applications collected after October 1, 2020 and are not required to report those on the FNS-742.  
• SFAs should not report carryover information from SY19-20 on the FNS-742 or report children receiving free meals through SFSP/SSO under a waiver.  
• State agencies are encouraged to attend FSMC bid openings virtually.  
• SFAs adding SFSP to FSMC contracts must meet SFSP bond requirements if the aggregate value of the portion of all contracts related to SFSP exceeds the simplified acquisition threshold.  
• FSMC contract modifications are subject to cost analysis to determine if changes are material. |

| COVID-19: Child Nutrition Response #89 | Allow Parents and Guardians to Pick Up Meals for Children for School Year 2021-2022 | NSLP, SBP, SSO, CACFP | April 20, 2021 Effective July 1 | June 30, 2022 | • Waives the requirement that meals are served directly to the eligible child.  
• Allows parents or guardians to pick up non-congregate meals for their child. | • States need to ensure integrity and are instructed to work with operators on ways to verify adults have eligible children and ensure that duplicate meals are not served.  
• State agencies must elect to be subject to this waiver; previous election to use this flexibility for Summer 2021 does not automatically extend to SY21-22. |
| COVID-19: Child Nutrition Response #90 | Specific School Meal Pattern Flexibility for School Year 2021-2022 | NSLP, SBP, SSO | April 20, 2021 Effective October 1 | June 30, 2022 | • Allows state agencies to grant requests for flexibility on usual requirements to:  
  o Meet sodium restrictions specified at 7 CFR 210.10(b), (c), & (f); and 220.8(b), (c), & (f);  
  o Serve only whole grain-rich grains;  
  o Serve to preschoolers at least one whole grain-rich item per day;  
  o Offer a variety of vegetables from the vegetable subgroups;  
  o Offer at least two different milk options;  
  o Serve low-fat milk that is unflavored only;  
  o Plan menus and offer food components for specified age/grade groups in the stated combinations, at 7 CFR 210.10(c) & 220.8(c). | • Schools are expected to meet the usual meal pattern requirements to the greatest extent possible.  
• Flexibility is provided to support meal service with appropriate safety measures and accommodate reliance on more shelf-stable foods.  
• As a new waiver, state agencies must elect to use it.  
• Unlike other waivers, schools must request and receive approval to implement these flexibilities.  
• With the exception of the sodium requirement flexibility, which should be granted to all schools that request it, state agency approval should be given on a case-by-case basis to address a targeted and justified need. |
