

SNAP in Ohio

The Supplemental Nutrition Assistance Program

The Supplemental Nutrition Assistance Program (SNAP) is a powerful tool for ending hunger in Ohio. SNAP benefits are provided on an Electronic Benefit Transfer (EBT) card and can only be used to purchase food items from grocery stores, farmers' markets and other authorized food retailers.

These benefits help families put enough food on the table and reach the state's most vulnerable residents, including children, seniors and people with disabilities. Here is a look at the impact this program has in Ohio.

NUTRITION EDUCATION

SNAP-Ed, the nutrition education component of SNAP, is a program that delivers free courses that help individuals stretch their SNAP dollars to shop for and cook healthy meals on a budget.

SNAP-Ed is a critical, evidence-based component of the SNAP program, equipping families with the tools they need to find healthy foods at the store.
