**Language access  
and limited English  
proficiency**

Zurisaday Robbins Briz

**Immigrant  
communities**

Mai Abdullah

**Students in  
foster care**

Ivy-Marie Washington

**Students that  
need to apply**

Emily Fulgham-Clay

# ROUND TABLE DISCUSSION QUESTIONS

1

**What barriers to accessing Summer EBT is this population encountering? What could be the reasons this population is experiencing these barriers?**

- Let's explore the core issues: Is it communication, access barriers, trust, or something else that's making Summer EBT harder for these groups to access?

2

**What new or different approaches could be tried to better connect with and serve this population?**

- Let's get practical! How can you start implementing solutions to effectively reach them, whether through outreach, programs, or partnerships?

3

**What concrete, actionable steps could be taken to implement new approaches? What partners could help make those a reality?**

- Thinking outside the box: What organizations, community groups, or schools could help you reach this population in fresh, impactful ways?
